Thirteenth Congress
Second Regular Session

House Bill No. 5345

Introduced by Honorable Catalino V. Figueroa

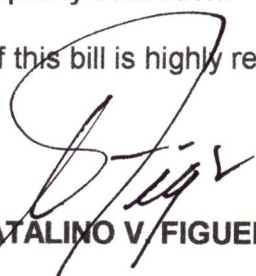

EXPLANATORY NOTE

This bill seeks to construct a school building for the Garcia Elementary School, Municipality of Jiabong, Province of Samar.

The students at Garcia Elementary School can no longer hold their regular classes inside their classroom because the school building is already totally damaged. The teachers and school officials cannot perform their regular daily functions effectively since the basic facility of the school is already unmanageable. For so many years now, the school can no longer accommodate a big number of students because of its deteriorating condition. Students are forced to hold their activities outside the classrooms or in the open space in between school buildings.

It has been the dream of the school's students, teachers, administrators and parents that there be constructed a school building in their school so that they maybe able to achieve quality education.

In view of its importance, passage of this bill is highly recommended.
