Thirteenth Congress

House Bill No. 5453

Introduced by Honorable Catalino V. Figueroa

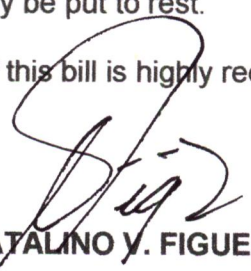

EXPLANATORY NOTE

This bill seeks to construct a school building for Letiron Elementary School in *Barangay* Letiron, Municipality of Calbiga, Province of Samar.

The Letiron Elementary School has, for many years now, faithfully served the needs of the elementary pupils not only in *Barangay* Letiron but also of the neighboring *barangays* and *sitios* in Calbiga. It is a small school by ordinary standards. The present school building is merely improvised – made up only of bamboos and *nipa* shingles. And being such light materials, they easily deteriorate. During the rainy season, the leaking roof lets the water into the existing classrooms thus, soaking the children and causing flooding in the school. The health and safety of the school children are greatly jeopardized.

It is hoped that with the construction of a school building, the parents' concern for their children's welfare will finally be put to rest.

In view of its importance, passage of this bill is highly recommended.
