Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

Thirteenth Congress
Second Regular Session

HOUSE BILL NO. 5460

Introduced by Honorable Eduardo R. Gullas

EXPLANATORY NOTE

The defense of the State is not only the concern of the government but of the people as well. It is important that we prepare our citizens early by instilling in them the values of patriotism, discipline and love for the country. Under this context, we should require students to undergo compulsory ROTC as a requirement for their graduation. In this way, we prepare a generation of young people who are ready to defend the country in any eventuality.

This bill seeks to reinstate the mandatory Reserve Officers Training Corps (ROTC) for all male tertiary students enrolled in all private and public colleges and universities and similar learning institutions, repealing Republic Act (RA) No. 9163, otherwise known as the National Service Training Program (NSTP) Act of 2001.

RA 9163 is aimed at enhancing civic consciousness and defense preparedness in the youth by developing the ethics of service and patriotism while undergoing training in any of its three (3) program components. Its various components are specifically designed to enhance the youth's active contribution to the general welfare particularly to the improvement of the quality of education in the country. While the wisdom of the present law (RA 9163) cannot be doubted, the retention of the literacy service and civic welfare components of the program are offered in preparation for the youth

to become teachers and social workers, and these are currently offered as separate courses and are thus superfluous.

Restoring ROTC will motivate, train, organize and mobilize our students for national defense preparedness thus positively shaping their character to become more responsible and dependable citizens. Thus, in the event of government's call to defend the State, our people will be well-prepared for the contingency to render personal, military or civil service.

Hence, early approval of this bill is earnestly sought.
