THIRTEENTH CONGRESS
Second Regular Session

House Bill NO. 5578

Introduced by HON. EDGAR M. CHATTO
1ST DISTRICT, BOHOL

EXPLANATORY NOTE

With opportunities being created by the ICT (information communications technology) revolution and by the growing trend to outsource support services from the First World to developing countries, the Philippines must strengthen the present structure of its service sector. At the heart of this sector is the human resources development.

As a student is elevated from the primary to the secondary level of education, the school aims to develop his or her (1) cultural, socio-civic, physical, moral and spiritual aspects; (2) sense of membership in a national community; (3) intellectual and work skills; and (4) values. The delivery of quality education to the grassroots will, in the long term, result in an improved service sector.

This bill seeks to establish a high school in San Isidro District, Tagbilaran City, Province of Bohol. With the support of the city government, school administration, students and parents, and the community at large, this school will certainly contribute to the development of the Philippines' service sector.

Support for the enactment of this bill is earnestly requested.
