HOUSE BILL NO. 5710

Introduced by Representative **EDUARDO R. GULLAS**

EXPLANATORY NOTE

This bill seeks to establish a training center for livestock and poultry industry in the Municipality of Carcar, in the Province of Cebu.

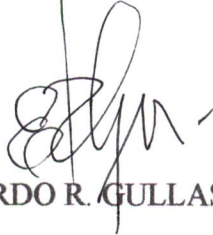

Enactment of this bill will boost self-reliance and economic growth in the rural areas and provide them with the necessary expertise and technology by way of establishing a training center for livestock and poultry industry.

Next to farming and fishing, livestock and poultry raising are the next convenient source of business in the rural areas.

In these times of rising prices and uncertainty, no one goes wrong with having a business of his own. If trained properly and by handling business with a good vision for profit, these small-scale businessmen can go a long way.

The fact that a lot of big time entrepreneurs in livestock and poultry started with just backyard businesses should be enough inspiration for others to follow suit. Everyone dreams of making good in business.

In view of the foregoing, approval of this bill is earnestly sought.
