

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

THIRTEENTH CONGRESS

Third Regular Session

HOUSE BILL NO. 5967

Introduced by HON. DANTON Q. BUESER

EXPLANATORY NOTE

This bill seeks the establishment of national science high school in the City of San Pablo, Province of Laguna, to be known as the San Pablo City National Science High School.

The City of San Pablo is major city in the Province of Laguna where a continuously growing number of students find interest and excel in science and mathematics. The city, however, does not have a public science high school where the subjects of science and mathematics are given particular emphasis through the employment of a curriculum specially designed for the development and maximization of the interest and proficiency of students in the subjects.

The establishment of a national science high school in the city will cater not only to students coming from the city, but also to a significant number of students coming from neighboring towns not only in the Third District of Laguna, but also in the other districts of the province.

In view of the foregoing, the passage of this bill is most earnestly sought.
