First Regular Session

H. B. No. 416

Introduced by HONORABLE JUAN EDGARDO "SONNY" M. ANGARA

EXPLANATORY NOTE

Small and medium scale enterprises compose a large percentage of the operating businesses in our country today. However, when compared with large corporations, they are on the disadvantaged side because of the stiff competition capital, resources, products and other services.

This bill proposes the establishment of one-stop shops that will cater to the needs of small and medium enterprises from their registration up to their operations. The Business One-Stop Shop (BOSS) Centers will also provide supplementary services such as information and referrals needed for a firm, project monitoring research and policy studies and information dissemination campaigns.

In view of the importance of small and medium scale enterprises and of their contribution to our economy, the passage of this bill is recommended.
