

Republic of the Philippines
HOUSE OF REPRESENTATIVES

FIFTEENTH CONGRESS
First Regular Session

H. B. No. 567

Introduced by HONORABLE JUAN EDGARDO "SONNY" M. ANGARA

EXPLANATORY NOTE

There is an imperative need to conduct a cadastral survey of the entire country to identify the bonafide landowners or claimants. This undertaking is necessary in order to curb the proliferation of fake land titles.

This is the proposal contained in this piece of legislation, authorizing the Land Management Bureau to undertake the cadastral survey.

Landowners must be protected against defective land titles. The integrity of the Torrens Title System, as foundation of ownership to real property, must be enhanced, so that in the end, the faith and reliance of the people in the integrity of the land title will be restored.

The passage of this bill is therefore earnestly requested.
