

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

FIFTEENTH CONGRESS

First Regular Session

House Bill No. 1271

Introduced by REP. AUGUSTO BOBOY SYJUCO, Ph. D.

EXPLANATORY NOTE

The health of the nation determines its own level of energy and vigor and therefore, ultimately, its performance in social and economic development. Implicit in the development process is the existence of reasonable citizenry capable of carrying out development goals. It thus, clear that the promotion of health is always an urgent business of society not only because it is the very foundation of an active and useful life but also the right of every Filipino.

Cognizant to this reality, the Constitution explicitly provides that the State shall promote and protect the right to health of the people and instill consciousness among them. In pursuance to this mandate, Republic Act No. 7160 otherwise known as the Local Government Code of 1991 was enacted devolving among others the functions of managing public health and district hospitals to local government units.

However, inspite of the time that has elapsed since the effectivity of the Code, there is still confusion and duplication of functions among health care deliverers – the Department of Health still involves itself with the day to day public health work and hospital care (primary, secondary and level I tertiary) when these functions have long been devolved to local government units.

This situation clearly defeats the noble objectives of the Local Government Code. Besides, it drains the Department of Health of essential funds to provide for higher tertiary capability for its hospitals in different regions which should be their primary concern. Moreover, local government units are still denied the funds for the cost of devolved functions. Numerous district hospital had been re – nationalized in contravention of the policy on the local government autonomy embodied in the Local Government Code.

There is an urgent need therefore, to pass a curative and comprehensive legislation that will effectively address these health issues and concern in order to rationalize the health care delivery system in our country.

This piece of legislation seeks to institute the modernization of the health care delivery system in the Philippines. This modernization program consists of several components that will ultimately phase out the antiquated system of health care delivery to complement state-of-the-art equipment and technology. It includes strong advocacy that leans towards the realization of a genuine local autonomy by transforming devolved hospitals, together with their respective catchment rural health units into self – governing components with the establishment of district health boards in regional medical centers, and in specialty hospitals.

These district health boards shall be separate and distinct from the local health boards embodied in the Local Government Code. It is also the intention of this bill to introduce among others, the active participation of the members of Congress in different district and hospital boards; the private sector participation in the management of their own health care program; the delineation of specialized functions to enable the Department of Health to concentrate in establishing and maintaining fully equipped medical centers; the institutionalization of a dependable two – way referral system from the public health units at the grassroots level up to specialty hospitals and vice – versa; and encourage partnership among local government units and between local government units and the DOH in establishing modern health care delivery facilities. All these things are geared toward the promotion and protection of the general health of the Filipino people, which shall ultimately enhance the socio – economic conditions of the country.

The foregoing reasons warrant the immediate passage of this important piece of legislation.

A handwritten signature in dark ink, appearing to read 'A. Boboy Syjuco', with a checkmark to its right.

AUGUSTO BOBOY SYJUCO, Ph. D.
2nd District, Province of Iloilo

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

FIFTEENTH CONGRESS

First Regular Session

House Bill No. 1271

Introduced by REP. AUGUSTO BOBOY SYJUCO, Ph. D.

AN ACT
PROVIDING FOR THE MODERNIZATION OF THE HEALTH CARE DELIVERY
SYSTEM, APPROPRIATING FUNDS THEREFOR AND FOR OTHER PURPOSES

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

SECTION 1. *Short Title.* – This Act shall be known as the “Health Care Delivery Modernization Act of 2010.”

SEC. 2. *Declaration of Policy.* – It hereby declared a policy of the State to modernize the health care delivery system to a level where it can fully and effectively perform its constitutional mandate to protect and promote the right to health of the people and instill health consciousness among them. Towards this end, the principal thrust of this modernization program under this Act shall be as follows:

- (a) The development of an efficient and effective health care delivery system throughout the country;
- (b) The integration of the promotive, preventive, curative and rehabilitative aspects of health care delivery to be under the local chief executive (LCE) whenever appropriate

(c) The transformation of government hospitals into self-governing components, together with their respective rural health units;

(d) The development of cooperation among the local and national government agencies, members of Congress and the private sector, including the civic, religious and non-government organizations;

(e) The implementation of a residency training and accreditation program and accreditation of private specialist practitioners in provincial hospitals and medical centers;

(f) The establishment of a dependable two-way referral system between the public and health worker up to the successive higher level of health care stations reaching up to the specialty hospitals and vice versa;

(g) The delineation of specific and specialized functions that will enable the Department of Health (DOH) to concentrate its efforts in establishing and maintaining adequately equipped state-of-the-art medical centers at the regional level, including those in Metro Manila, and specialty hospitals in the country, including those with original charter; and

(h) The development of partnership among local government units and between local government units and the Department of Health (DOH) in the establishment of health care delivery facilities.

(i) Local government units shall adopt a system and procedure to attain maximum level of transparency in the procurement of equipment and medicines.

SEC. 3. *Statement of Objectives.* - The Health Care Delivery Modernization Program, hereinafter referred to as the Program, shall be implemented in accordance with the following objectives:

(a) To modernize the health care delivery by adopting a comprehensive, consistent and systematic approach to health issues and concern to complement the state-of-the-art technology;

(b) To further enhance local autonomy by granting local government units full powers in the formulation of policies and by mandating the Department of Health (DOH) to perform tasks under Section 5 of this Act relative to the operation and maintenance of hospitals and public health services under its supervision and control;

(c) To implement a program of extending technological, financial and administrative assistance to local government units to support and improve the provision, and operation and maintenance of health facilities and equipment;

(d) To enhance inter-agency multi-sectoral cooperation;

(e) To enhance the capability of hospitals by requiring the DOH to provide each local government unit, competent physicians to assist the local chief executive as may be appropriate in the monitoring of health care delivery functions; and

(f) To encourage the employment and retention of doctors in rural areas.

SEC. 4. Definition of Terms. - The following terms shall be understood in this Act to mean:

(1) "Hospital" refers to a place devoted primarily to the maintenance and operation of facilities for the diagnosis, treatment and care of individuals suffering from illness, disease, injury or deformity, or in need of obstetrical or other medical and nursing care.

(2) "Primary Hospitals" refer to those with capabilities and facilities for providing first contact emergency care and hospitalization in simple cases.

(3) "Secondary Hospitals" refer to those which have capabilities and facilities for providing medical care to cases requiring hospitalization and the expertise of physicians with training of not less than six (6) months on certain specialties.

(4) "Tertiary Level I Hospitals" refer to those which have capabilities for providing medical care to cases requiring sophisticated diagnostic and therapeutic equipment and the expertise of trained specialist and in the sub-specialties.

(5) "Tertiary Level II Hospitals" refers to a departmentalized hospital with teaching and research capabilities and accredited Residency Training Programs in the fields of Surgery, Pediatrics, Medicine, OB-Gyne, EENT, Orthopedics, Anesthesia and other ancillary disciplines. Dental services is part of the professional services.

(6) "Tertiary Level III Hospitals" refers to hospitals which have been particularly selected to provide tertiary hospital services, with teaching, training functions and research.

(7) "Tertiary Level IV Hospitals" refers to a tertiary hospital with expensive and sophisticated diagnostic and therapeutic facilities for a specific medical problem area.

(8) "District Hospital" refers to the front-line hospital with capabilities and facilities for providing secondary medical care to cases requiring hospitalization and the expertise of trained doctors.

(9) "Provincial Hospital" refers to a central district hospital with its own catchment area which provides at least a minimum of Tertiary Level I hospital care.

(10) "Regional Hospital" refers to departmentalized hospital which provides Tertiary Level II hospital care.

(11) "Medical Center" refers to hospital which provides Tertiary Level III hospital care.

(12) "Specialty Hospital" refers to hospital which provides services for one particular illness or disease or health medical care need, with the highest medical care rendered by medical experts and using highly specialized equipment for a specific medical problem area. It provides Tertiary Level IV hospital care.

(13) "Competent physician" refers to a doctor who possesses both technical and managerial knowledge or expertise in health care.

(14) "local government units" refer to provinces, cities, municipalities, barangays and other political subdivisions as may be created by law.

SEC. 5. *Components of the Program.* - The Program shall consist of the following components:

(1) *Delineation of the Role of the Local Government Units and the Department of Health (DOH).* - The leagues of local government units and the Department of Health (DOH) shall support the implementation of the Health Care Delivery Modernization Program by performing the mandated tasks herein defined, to wit:

(a) The province shall be responsible for the promotive, preventive, curative and rehabilitative aspects of health care delivery except in places where municipal and city hospitals exist, in which case these municipal and city hospitals shall be under the responsibility of the local government unit (LGU) concerned. They shall also undertake an annual review of health program in their areas of jurisdiction;

(b) The District Health Board shall be responsible for the recruitment of volunteer barangay health workers, who shall be entitled to monthly honorarium and other benefits as provided for by the law.

(c) The Department of Health (DOH) shall, in addition to the powers vested in it under existing laws, be responsible for the following:

(c.1) Health care delivery higher than or more sophisticated than that provided by local government units;

(c.2) Provide each province or qualified cities or municipalities competent physicians to assist the local chief executive as may be appropriate in the management and monitoring of devolved health care functions;

(c.3) Upper tertiary hospital care where the expertise in the different organ specific medical-surgical specialty is needed;

(c.4) Operation and maintenance of medical centers, including those in Metro Manila, and specialty hospitals whose functions are to provide tertiary expertise: *Provided, however,* That specialty hospital with original charter shall continue to be governed by its own charter.

(c.5) Supervise the operation of the more sophisticated organ specific medical centers;

(c.6) Initiate and assist in the establishment of a residency training program with the participation of the private practicing specialist, as much as practicable, as consultants in each provincial hospital; and

(c.7) Provide doctors in rural communities under its program of doctors to doctorless areas, who shall be assigned by the local chief executive as may be appropriate to qualified communities.

The Department of Health (DOH) is hereby authorized to create positions of, and provide the necessary funding, as a national aid to local government units, for doctors to doctorless areas including their incentives and benefits, in addition to those granted under existing laws, to wit:

(a) Hazard allowance in an amount to be determined by the district hospital health board of the local government unit concerned;

(b) Subsistence allowance equivalent to the meals they take in the course of their duty which shall be computed in accordance with the prevailing circumstances as determined by the local government unit concerned; and

(c) Automatic promotion to the position of Medical Specialist I or to the next higher rank, as the case may be, under the Revised Compensation Classification System.

The doctors to doctorless areas shall also be entitled to incentives and benefits to be provided under this Act by other government agencies, to wit:

(a) Free legal representation and consultation services shall be immediately provided by the Public Defenders Office in cases of coercion, interference, and in other civil, criminal and administrative cases filed by or against such doctors arising out of or in connection with the performance of their duties as such; and

(b) Scholarship benefits in the form of tuition fees in state colleges or universities to be granted to their legitimate children.

(2) *Strengthening the Capability of the Provincial Hospitals*, - The Program shall develop the provincial hospitals into a responsive, efficient and modern hospital with the capability to handle tertiary level I to II hospital care. In pursuance thereto, necessary steps must be undertaken, to wit:

(a) The establishment of a residency training program and tertiary diagnostic facilities with, as much as practicable, the participation of the private sector or private specialist practitioner as consultants in each provincial hospital subject to the following conditions:

(a.1) Consultants, who shall be accredited to practice in the hospital, may be entitled to honorarium to be determined by the district hospital health board;

(a.2) Provincial hospital residents participating in the residency training program shall not be permanent employees but shall be considered employed for the whole duration of the Residency training period; and

(a.3) Participants in the Residency training program shall be given preference in case of reemployment as residents of district hospitals and shall occupy the position of Medical Officer IV.

(b) The abolition of regional hospitals and offices. All equipment, records, and other assets of both the regional offices and hospitals shall be transferred to the Regional Medical Center. Personnel shall be absorbed by the Medical Centers or assigned to the provincial government to assist the governors in managing the devolved functions: *Provided*, That, the rights accorded to such personnel pursuant to the civil service law, rules and regulations, shall not be impaired.

(c) The improvement of each provincial hospital. The provincial government shall strive to establish diagnostic centers and to provide modern and quality equipment to improve the capabilities of the provincial hospitals pursuant to its modernization objectives: *Provided*, That, the acquisition of new equipment shall be synchronized with the phasing out of obsolete major equipment. *Provided*, further, That, the acquisition of new equipment shall be subject to the laws on public bidding.

(3) *Establishment of a District Hospital, Medical Center and Specialty Hospitals Health Boards.* - This component of the Program is geared towards the realization of a genuine local autonomy. In furtherance thereof, there shall be established a district

hospital, medical center, including those in Metro Manila, and specialty hospital health boards.

Composition - The composition of the district, medical center and specialty hospital health boards shall, as they are applicable, be as follows:

Chairman: (a) For district hospital, A Sangguniang Panlalawigan member representing the district where the district hospital is located;

(b) For medical center, the Chairman of the Regional Development Council. In Metro Manila, the Mayor where the medical center is located;

(c) For specialty hospital, the Chairman of the Board of Trustees for specialty hospital with original charter; the Secretary of Health for specialty hospitals under its control and supervision.

Vice Chairman: Chief of the District Hospitals, Medical Centers and Specialty Hospitals.

Member: (a) Representative of the Congressional District for hospitals in his political district;

(b) Senator of the Republic for all medical centers and specialty hospitals;

(c) A mayor of the catchment area of the district;

Members common to the district hospitals, medical centers and specialty hospitals health boards:

(d) Representative of the Philippine Hospital Association;

(e) Representative of the Philippine Medical Association;

(f) Representative from the non-government organizations involved in health services;

(g) Representative of the religious sector;

(h) Representative of the private sector;

The Chairman, Vice Chairman and the members of the district hospital Health Board, except the Representative of the Congressional District, shall be appointed by the provincial governor.

The Chairman and Vice-Chairman of the Medical Center, including those in Metro Manila, and specialty hospital health boards shall serve by the operation of this Act without the need of any appointment.

The representative from the non-government organizations, religious and the private sector in the medical center and specialty hospital health boards shall be appointed by the Chairman of the respective health boards.

Powers and Functions. - The powers and functions of the district hospital, medical center and specialty hospital health boards shall, as they are applicable, be as follows:

(1) To assist the provincial governor, the Secretary of Health, Administrator or Chairman of the Boards of Trustees, as the case may be, in the operation and management of devolved functions, medical centers and specialty hospitals;

(2) To review and endorse the budgetary requirements of the district health services, medical centers and specialty hospitals;

(3) To devise a mechanism for internal control;

(4) To enhance the participation of local government units and community involvement in hospital service and public health activities;

(5) To screen and recommend to the Selection Board the appointment of qualified applicants to fill vacant positions in the rural health units and district hospitals, medical centers and specialty hospitals, as the case may be;

(6) To deposit, in trust, all the earnings of the district hospitals and rural health units derived from whatever source with the Provincial Treasurer's Office or with any authorized depository banks; for medical centers and specialty hospitals, with any authorized depository bank as part of their General Fund; -

(7) To determine the utilization of funds of the hospitals and medical centers for the betterment of hospital health services; and

(8) To perform such other functions as may be deemed necessary for the effective management of the rural health units, hospitals, medical centers and specialty hospitals: *Provided, however, That, the Board of Trustees of specialty hospitals with original charter, shall exercise the powers and functions of the hospital health board under this section, in addition to the powers vested in it under existing laws.*

Meetings and Quorums. - (a) The Board shall meet at least once a month or as often as may be necessary.

(b) A majority of the members of the Board shall constitute a quorum but the chairman and the vice chairman must be present during meetings where budgetary proposals are prepared or considered. Members thereof who are not government officials or employees shall be entitled to necessary travelling expenses and allowances chargeable against the funds of the health boards of the district hospital, medical center and specialty hospitals subject to the accounting and auditing rules and regulations.

SEC. 6. *Period of Implementation.* - The Program shall be implemented over a period of three (3) years from the approval of this Act.

SEC. 7. *Appropriations.* - (a) *Initial Appropriations.* - For the first year of the implementation of this Act, the amount of One billion pesos (P1,000,000,000.00), is

hereby appropriated out of any funds of the National Treasury not otherwise appropriated.

(b) *Continuing Appropriations.* - The Department of Budget and Management (DBM) is hereby mandated to include in the annual General Appropriations Act the amount necessary for the implementation of this Act.

Other sources of funds shall be from the following:

(1) The total cost of devolved functions to be deducted from the Internal Revenue collections subject to the following principles:

(a) Internal revenue allotment shares shall be based on the total amount collectible for internal revenue, including value-added tax collected by the Bureau of Customs, proceeds from the sin taxes and the like;

(b) The cost of devolved functions shall be taken from the sixty percent (60%) share of the national government;

(2) Twenty percent (20%) of the net earnings from the Philippine Amusement and Gaming Corporation (PAGCOR);

(3) Twenty percent (20%) net earnings of the Public Estate Authority; and

(4) Loans, grants, bequest, or donations, whether from local or foreign sources.

SEC. 8. *Implementing Rules and Regulations.* - The Department of Health (DOH) and the Department of the Interior and Local Government (DILG) shall, in coordination with the League of Provinces, promulgate the rules and regulations for the implementation of this Act within sixty (60) days from its publication in two (2) newspapers of general circulation.

SEC. 9. *Repealing Clause.* - All laws, orders, decrees, rules and regulations inconsistent with the provision of this Act are hereby repealed or modified accordingly.

SEC. 10. *Separability Clause.* - If for any reasons or reason, any part or provision of this Act shall be declared to be unconstitutional or invalid, other parts or provision hereof which are not affected thereby shall continue to be in full force and effect.

SEC. 11. *Effectivity.* - This Act shall take effect upon its approval.

Approved,
