FIFTEENTH CONGRESS

First Regular Session

House Bill No. **1515**

Introduced by REP. AUGUSTO BOBOY SYJUCO

EXPLANATORY NOTE

The bill seeks to create bicycle lane in designated roads so as to provide biking enthusiasts a safe a well – deserved byway where they can pass without obstruction or danger from vehicular traffic.

Biking as an alternative way of physical exercise and an environment – friendly activity has long been promoted not only in the country but also globally. The populace of the Asian countries notably China have been extensively using the bicycle as a means of transportation to and from places of work and business trades. Not only does it enhance the well – being of the people by providing them a daily dose of exercise but more importantly, it will minimize the use of motorized vehicles which dump so much ozone – harming and disease causing fuel emissions.

In the Philippines, there is an urgent need to come up with legislative measures which will lessen our dependence on fossil fuels and save our environment, especially the urban areas, from further deterioration due to pollution. A successful promotion of biking as a means of mass – transport will decidedly bring about a healthy populace free from respiratory ailments and likewise drastically cut fuel expenses. It will also declog the streets from too much traffic, reducing delays in public transport.

With the foregoing, approval of this bill is earnestly requested.
