House Bill No. **1549**

INTRODUCED BY HON. MARCELINO "MARCY" R. TEODORO

EXPLANATORY NOTE

The State recognizes the importance of youth in nation-building as stated in Article II, Section 13 of the Constitution, and to achieve this the state needs to protect their physical well-being. Thus, various measures are crafted to ensure that our youth is safe. For example, there is Republic Act No. 7610 or the "Special Protection of Children against Abuse, Exploitation and Discrimination Act" and Presidential Decree No. 603 also known as the "Children and Youth Welfare Code."

Despite the foregoing existing measures, however, there is a need to propose a law for the protection of children riding in amusement rides. In September 2006, a kid fell from the Wild River Ride of Star City in Pasay, while in December the same year, another child was killed and several others were injured following an accident at a mini carnival in Marikina City.

The abovementioned cases are just some of the incidents that could have been prevented had there been a board that monitors and approves carnival rides aside from the Local Civil Engineer.

Hence, this proposal aims to create an amusement ride board which will ensure that rides at any amusement park in the country is safe for children.

Premises considered, approval of this bill is earnestly sought.
