

CONGRESS OF THE PHILIPPINES
FIFTEENTH CONGRESS
First Regular Session

HOUSE OF REPRESENTATIVES

H. B. No. 1820

INTRODUCED BY REPRESENTATIVE IMELDA CALIXTO-RUBIANO

EXPLANATORY NOTE

This bill seeks to create a National Student Loan Board that will implement a National Student Loan Program for the poor, also defining the functions and powers of the Board and appropriating funds thereof.

The significance of access to higher learning and education for the unfortunate and the underprivileged poor cannot be subject to debate. Statistics show that for those who are in college age population, less than 50% are enrolled in tertiary educational institutions and approximately 70% are living below the poverty line.

The University of the Philippines (UP System) has implemented a cross-subsidy program that will be simulated and replicated under this proposal. This particular measure will mandate a monthly contribution by persons of a specific income bracket and said contributions will be remitted to the national student loan fund. Thereafter the funds generated from the collections will be graduated in accordance to income bracket.

Unquestionably, the need to provide for this national student loan program will assist the deprived and poor by providing them access to tertiary education.

In view of the foregoing, the passage of this measure is earnestly requested.
