HOUSE BILL NO. 2060

Introduced by **HON. MA. AMELITA CALIMBAS - VILLAROSA**

EXPLANATORY NOTE

Section 34 of the Local Government Code emphasizes the important role of people's and Non-Governmental Organizations. It mandates the Local government units to promote the establishment and operation of people's and non-governmental organizations to become active partners in the pursuit of local autonomy.

This bill recognizes the vital contributions of Senior Citizens, Parents'-Teachers' Association, and War Veterans who are among the active members of non-government organizations that promote local development. It is for this reason that these organizations are proposed to be included as members of the local health board and the local development councils in the different local government units.

Public agricultural engineers in the provinces and cities are likewise added as members of the provincial and city local development councils.

With these proposals, it is hoped that local development shall be further promoted to the greater advantage of the people. Immediate passage of this bill is therefore requested.
