FIFTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 2475

INTRODUCED BY: HON. MARCELINO "MARCY" R. TEODORO

EXPLANATORY NOTE

Article XIV of the Philippine Constitution declares:

"Section 1. The State shall protect and promote the right of all citizens to quality education at all levels and shall take appropriate steps to make such education accessible to all.

Section 2. The State shall:

x x x

(2) Establish and maintain a system of free public education in the elementary and high school levels. Without limiting the natural right of parents to rear their children, elementary education is compulsory for all children of school age.

(3) Establish and maintain a system of scholarship grants, student loan programs, subsidies, and other incentives which shall be available to deserving students in both public and private schools, especially the underprivileged."

Despite, however, the different programs implemented and being implemented by the government, for a good number of Filipinos, post-secondary education remains an elusive dream. High cost of education has been hindering poor but talented students from pursuing a career, ultimately depriving our country a chance to follow our collective vision of economic progress and political stability.

This bill seeks to bestow scholarship grants in form of free tuition fee to at least five percent (5%) of the student population in all colleges and universities who are poor but deserving students.

Therefore, approval of this bill is earnestly sought
