FIFTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 2582

Introduced by Congressman Winston "Winnie" T. Castelo

EXPLANATORY NOTE

This proposal aims to serve as a social assistance measure.

It shall allow retirees under Republic Act No. 1616, also known as the 'Government Service Insurance Act' to cope with their social and economic plight.

Apparently, said R.A. no longer fully satisfies the true objectives of social security especially so that gratuity benefits are being phased out. In fact, under this law, government retirees have to confront the high cost of living after retirement to the extent that they have to live at the mercy of their relatives if not of loan sharks.

When receiving lump sums is not synonymous with pensions, they become vulnerable victims of loan sharks such that this close prospect of receiving any other financial support for their daily and medicines when their social security benefits under RA 1616 would have been exhausted, we see how wrong choices may have been made as well as wrong scheme may have set them up.

In their twilight years, should not they be blest to receive old-age pension benefit equivalent to fifty percent (50%) of their average monthly compensation as defined under Republic Act No. 8291? The urgency of this bill's passage cannot be underestimated.
