First Regular Session

HOUSE BILL NO. 2995

Authored by **HON. JOSEPH VICTOR G. EJERCITO**

EXPLANATORY NOTE

The Government Service Insurance Systems (GSIS) is a government financial institution in the country specifically tasked to ensure the social security benefits for the workers in the public sector. Such is the Herculean task played by the GSIS in the lives of government employees.

It is alarming, to say the least, that there are alleged discrepancies in the service records of GSIS members, contribution reports, the non-payment of dividends, non-deductions of loan remittances, among others, that threaten the government assurance for its members.

The GSIS authorities should undertake major endeavor to overhaul its services, by bringing up to date its documentation. And while this is being undertaken, there is an imperative need to provide remedial measure to this situation.

This bill seeks to authorize the Land Bank of the Philippines to receive payments of the monthly premium contributions from all government employees under Republic Act 8291, or the Government Service Insurance Systems Act, and to facilitate the payment of benefits, proceeds and claims under the said law.

Under this measure, the authority given to Land Bank of the Philippines shall be for a period of one year from its enactment. However, this period may be extended for a reasonable duration, until such time when the records of the GSIS service records, contribution reports, records on loans and remittances, and other related documents, are properly updated and organized. Thereafter, the authority granted to the Land Bank of the Philippines under this Act shall revert to the GSIS.

In view of the foregoing, immediate approval of this bill is earnestly sought.
