

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

FIFTEENTH CONGRESS
First Regular Session

House Bill No. 3504

Introduced by Rep. Eulogio "Amang" R. Magsaysay

EXPLANATORY NOTE

It is at the level of schools and learning centers where the policy and principle for governance of basic education are ultimately translated into programs, projects and services developed, adapted and offered to fit local needs. The school heads take charge of the administrative and instructional supervision of the school or cluster of schools. Their role is crucial in ensuring that schools and learning centers receive the kind of focused attention they deserve, and that educational programs, projects and services take into account the interests of all the members of the community. School heads are required to form a team with the school teachers/learning facilitators for delivery of quality educational programs, projects and services, together with a core of non-teaching staff that shall handle the school's administrative, fiscal and auxiliary services.

The important role of the school heads as chief executives in their respective schools deserves due recognition. The credence that they establish by performing the various tasks required by such role must be rightfully placed within the local leadership structure. Immersed to the realities of our public basic education, our school heads especially in public schools have proven to stand resolute and responsive in the midst of challenges. Such dispositions certainly made them deserving of a representation at the Local School Boards. Over the years, the various initiatives by such school boards in support of advancing the goals of education under certain localities, particularly on provision of supplemental budget for education expenditure, have significantly eased the burden of governing the delivery of public basic education in the country.

Hence, this proposed legislation. Approval of this bill is earnestly sought.
