

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

FIFTEENTH CONGRESS
First Regular Session

House Bill No. 3511

Introduced by: Honorable Ronald V. Singson

EXPLANATORY NOTE

This bill seeks to discourage the use of Plastic Bags in all major grocery stores and supermarkets by disallowing the distribution of plastic bags and instead imposing a certain fee for every plastic bag requested by the consumer and prescribing penalties for violation thereof.

Plastics are manufactured through a chemical called Polystyrene which is not biodegradable and is not easily recycled because of its light weight. Furthermore, it is produced using blowing agents which contributes to ozone depletion and on global warming.

Plastics, according to environmental organizations, are now a principal component of marine debris. Worse, plastics are extremely harmful to wild animals if it is ingested by them. Another harmful property of plastic materials is its inability to hold hot food in excess of 70 degrees Celsius.

The Asian Development Bank recently warned that the Philippines is especially vulnerable to global warming. In fact, there already is a serious threat to Southeast Asia's families, food supply and financial prosperity. ADB further advised that Southeast Asian nations should act immediately on climate change before their economies and people suffer.

Considering the detrimental effects of polystyrene to mankind, it is imperative that the government enact proper measures to discourage its use in all major grocery stores and supermarkets in order to cut down significantly the consumption of plastic bags. It should be replaced with recyclable, environmentally accepted materials for packaging goods and commodities.

In view of the foregoing, approval of this bill is earnestly sought.

RONALD V. SINGSON

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

FIFTEENTH CONGRESS
First Regular Session

House Bill No. 3511

Introduced by: Honorable Ronald V. Singson

AN ACT
REGULATING THE USE OF PLASTIC BAGS IN ALL MAJOR GROCERY
STORES AND SUPERMARKETS BY DISALLOWING THE DISTRIBUTION OF
