

Republic of the Philippines

15th CONGRESS

HOUSE BILL NO. 3675

Introduced by Representative Roman T. Romulo
Lone District of Pasig City

EXPLANATORY NOTE

Republic Act No. 8484 otherwise known as the Access Devices Regulation Act of 1998, declared that, "The State recognizes the recent advances in technology and the widespread use of access devices in commercial transactions. Toward this end, the State shall protect the rights and define the liabilities of parties in such commercial transactions by regulating the issuance and use of access devices."

This proposed bill seeks to support and establish fair and sound consumer credit practices between consumers and credit card companies. This proposed bill seeks to amend and strengthen the disclosure requirements under Republic Act No. 8484 or the Access Devices Regulation Act of 1998 by requiring credit card companies to include and disclose in the billing statement a reliable and truthful computation of the penalties and charges that would accrue should the consumer opt to pay below or at least the minimum amount due.

The use of credit card has evolved from merely for emergency spending for lack of cash to enjoying it for convenience instead of having money around. The use of credit card transcends any social class. However, its use must be regulated in the manner that would encourage sound fiscal management in the personal level and protect the credit card companies from overspending of the consumers.

A consumer that is sufficiently informed will be able to manage his finances well and hence, avoid overspending and being charged of a huge debt. Further, the companies will be protected from doubts of overcharging as they have fully disclosed and provided reliable and truthful computation of the penalties and charges that would accrue should the consumer opt to pay below or at least the minimum amount due. It would also result to a more disciplined credit card user which would minimize the risk of credit card company losses brought by unpaid bills.

For these reasons, the passage of this bill is earnestly sought.

HON. ROMAN T. ROMULO
