

Republic of the Philippines
HOUSE OF REPRESENTATIVES
QUEZON CITY

FIFTEENTH CONGRESS
Second Regular Session

2006 HB No. 5375

Introduced by Hon. Christopher S. Co, Hon. Rodel M. Batocabe, and Hon. Alfredo A. Garbin, Jr.

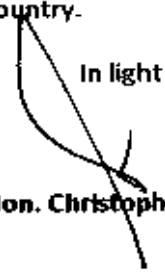

EXPLANATORY NOTE

This bill seeks to mandate business establishments to grant discount privileges to public school teachers whose earning capabilities are adversely affected by the present economic situation in our country. They have been given little attention as far as their protection, security and the upliftment of their physical and social well-being by the government. The worldwide economic crisis, high unemployment rate, soaring prices of basic commodities have severely strained the capacity of the public school teachers to provide a decent and dignified living necessitating the assistance and cooperation of the state.

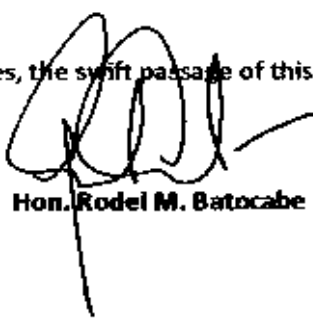

As provided in the Constitution of the Republic of the Philippines, the State shall assign the highest budgetary priority to education and ensure that teaching will attract and retain its rightful share of the best available talents through adequate remuneration and other means of job satisfaction and fulfilment. [Article 14, Section 5(5)].

The bill seeks to grant special benefits and privileges to the public school teachers such as, among others, discounts in transportation fares, health services, hotels, restaurant, and recreational facilities through the coordination and cooperation of government with public and private entities. The imperative need to render assistance to the public school teachers is not only in keeping with the social justice provision of the Constitution to help them hurdle the economic hardships of the times but also a fervent manifestation of our gratitude for all the services and sacrifices experienced by them for the country.

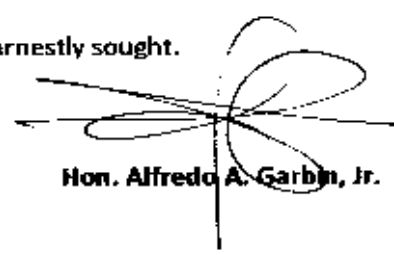

In light of these circumstances, the swift passage of this bill is earnestly sought.
