FIFTEENTH CONGRESS
Second Regular Session

HOUSE BILL NO. 5535

Introduced by REPRESENTATIVE IRVIN M. ALCALA

EXPLANATORY NOTE

The bill proposes the creation of two additional branches of the Regional Trial Court in the Fourth Judicial Region to be stationed at the City of Lucena, Province of Quezon for the purpose of easing the burden of resolving cases under the jurisdiction of the 4th Judicial Region.

Section 16, Article 111 of our Constitution gives each person the right to a speedy trial, it provides that: "All persons shall have the right to a speedy disposition of their cases before all judicial, quasi-judicial, or administrative bodies."

The Judiciary Reorganization Act of 1980 (BP 129) allotted the corresponding number of courts per judicial region based on the exigencies existing at that time.

Twenty years have passed since the effectivity of BP 129.

Because of the increase in our population and the increase in the volume of cases filed, our court dockets have been clogged and this has resulted in the delay in the resolution cases.

In order to improve the disposition and administration of justice and to ensure the right to a speedy trial, the number of courts must necessarily be increased.

In view of the forgoing provisions, the approval of this bill is earnestly recommended.

Upon observing that many of the authors were not present to sponsor their respective measures, the Chair nonetheless said that he will relax the Committee's policy that only those bills, whose

authors are present, will be taken up since this meeting was the first after the impeachment hearings. He requested Justice Antonio Eugenio, Jr., Deputy Court Administrator of the Supreme Court, to comment on the proposals for the creation of additional court salas.

The Deputy Court Administrator said that legislative measures seeking to create new courts are always welcome and added that the basis of the number of court salas proposed to be created was the recommendation of the Office of the Court Administrator (OCA). Asked by the Chair if the proposal under House Bill No. 5597, authored by Hon. Jorge Banal, for the creation of 22 additional Municipal Trial Court (MTC) branches was recommended by the OCA, Justice Eugenio answered in the affirmative.

Meanwhile, Hon. Susan Yap, one of the authors of HB No. 5837, gave her sponsorship speech where she emphasized the urgent need to create additional court salas in her area because of the huge backlog of cases in the courts' docket. Her statement was backed up by Mr. Arnaldo Dizon, President of the Integrated Bar of the Philippines (IBP) –Tarlac, who said that upon coordination with the judges of Tarlac, there is a backlog of 6,000 cases still pending in the courts.

Upon hearing this, Justice Eugenio commented that the ideal caseload target is 300 cases for the RTCs and 500 cases for the MTCs. Given the huge number of cases in the Tarlac courts, he said the creation of new courts is imperative.

For her part, Hon. Gomez, author of HB No. 5583, said that her bill seeks the creation of an additional RTC branch in Ormoc, Leyte in order to decongest the dockets of the 2 existing RTC branches. She stressed that these 2 branches, Branch 12 and Branch 235, have a caseload of 774 and 769 cases, respectively.

Similarly, Hon. Linabelle Ruth Villarica, author of HB No. 4968, proposed for the creation of an additional RTC branch in Meycauayan, Bulacan citing the 12,330 cases pending in the courts' dockets as the basis for such proposal. She added that while the seat of the proposed new branch will be in Meycauayan, the court will service the judicial needs of 4 other towns in Bulacan.

After the 3 authors made their sponsorship speeches and responded to some queries, Hon. Gomez moved for the omnibus approval of all the bills proposing for the creation of additional court salas which was duly seconded by Hon. David Kho. The motion was carried.

Hon. Yap manifested that an amendment be made in her bill, providing for 1 RTC branch each for Capas and Concepcion, Tarlac.

In reply to the inquiry of Hon. Villarica regarding the budget for the creation of the new court salas, the Chair explained the process involved in considering the funding provisions of bills proposing the same. He however emphasized that usually, it is up to the bill's author to follow up the funding but added that there are sufficient funds for the creation of necessary court salas. He also added that in similar bills approved by the Senate earlier on, the upper chamber introduced an amendment to the funding provision of court sala bills which provides that "funds necessary for the operation of the newly-created court shall be appropriated and released only upon the actual organization of the court and appointment of its personnel."

B. Anti – Stalking Act:

The Committee next deliberated on HB Nos. 3367, 5099 and 6114 respectively authored by Hons. Salvador Escudero III, Diosdado Arroyo and Irwin Tieng, proposing an Anti – Stalking Act.

Before giving the floor to Hon. Tieng, the Chair reminded the guests and resource persons to attend the Committee's meetings when invited to, otherwise, a subpoena may be issued to compel their attendance to the meeting. The Chair gave this stern reminder after he was informed that there was no representative from the National Bureau of Investigation (NBI) to attend the meeting despite being sent an invitation.

For his part Hon. Tieng manifested that his bill's explanatory note will serve as his sponsorship speech and added that he is open to any amendments that the Committee may propose for his measure.

Citing the Anti-Stalking laws of the United States, the Chair mentioned that the enactment of said laws in that country were fairly recent and was brought about as a result of the death of a celebrity, Rebecca Schaeffer, who was stalked and killed by her assailant. In the Philippines, however, he said there is yet no law on stalking and only a civil action for damages under Article 26 of the Civil Code is what is applicable in the country.

The Chair asked Hon. Tieng if his bill will apply to media men who may, through a series of acts such as repeated texting, e-mails, phone calls, cause emotional stress to the person they are covering. In response, Hon. Tieng said if the court finds that the series of acts cause untoward stress on the person, then the court may issue a protection order against them.

Asked for his comments, Deputy Court Administrator Eugenio opined that if the stalking undertaken by the media is legitimate, will the bill not contravene freedom of the press? A similar sentiment was expressed by Atty. Alexander Gozon of Globe who said the measure may be construed as a restraint on the freedom of expression.

Admitting that they perform the acts mentioned by the Chair, Mr. John Manalastas, assistant vice president of GMA 7's news production, nonetheless asked if the work of media men can be an exception. The Chair assured him in such a case, the rights of media practitioners will be protected.

Atty. Roy Ibay of Smart/Sun Cellular said that they are only responsible for the sending and receiving of the message and do not have any part in the content which passes through the system.

Meanwhile, P/C. Supt. Christopher Laxa of the Philippine National Police expressed the agency's support for the measure and informed the body that they filed cases similar to stalking but were only classified as unjust vexation. He added that the PNP had also entertained 10 cases of cyberstalking.

After the discussions, Hon. David Kho made a motion for the approval of the measures and for the creation of a technical working group that will consolidate the 3 bills. The motion was carried and the Chair announced that the bills were approved in principle, subject to amendment and consolidation by a technical working group to be composed of the authors of the 3 bills, Hon. Kho, representatives of the DOJ, PNP, NBI, and the media sector.
