

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

SIXTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 73

Introduced by REP. ANTHONY G. DEL ROSARIO

EXPLANATORY NOTE

This bill seeks to provide for free and mandatory annual physical examination and other medical-related privileges to all senior citizens.

Section 4, Article XV of the 1987 Constitution provides that:

"Section 4. The family has the duty to care for its elderly members but the State may also do so through just programs of social security."

Senior citizens have contributed to our society during the prime of their lives. Now in the twilight years, they still deserve to have more meaning and purpose. However, financial and time constraints often lead them to disregard health concerns.

The value of this comprehensive health care package to senior citizens cannot be overemphasized. It will serve as a prevention-oriented health care so that they can learn new ways of preventing illnesses through healthy behavioral modifications and lifestyle changes. Further, it will allow the doctors to monitor their general health aimed at early detection and treatment of illnesses. It will also give the senior citizens full support for their total well-being, thereby maximizing their contributions to nation building.

In view of the foregoing, passage of this bill is highly recommended.
