

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

Sixteenth Congress
First Regular Session

House Bill No. 237

Introduced by Honorable Roy M. Loyola

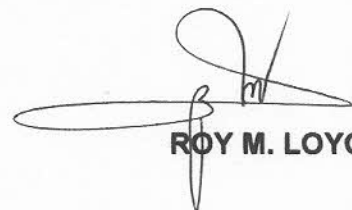

EXPLANATORY NOTE

The bill seeks to convert Southwoods Avenue in the Municipality of Carmona into a national road.

Carmona is dubbed as the eastern gateway of the Province of Cavite to and from Metro Manila and other provinces. It is positioned as a booming center for sports and investment with its numerous recreational facilities and industrial estates. It is host to more than two hundred factories and a number of high-class amusement centers which include the Manila Jockey Club, Manila Southwoods Golf and Country Club, Carmona Go-Kart Racing Circuit, and others.

At present, the Trece-Dasmariñas-Carmona Road (Governor's Drive) serves as the main arterial road of the municipality. Considering that such road is highly congested, there is a need to develop additional national roads. Such conversion shall benefit not only the Municipality of Carmona but the Province of Cavite as well in maximizing its potential for growth and progress.

In view of the foregoing, the immediate passage of this bill is earnestly sought.

ROY M. LOYOLA

Republic of the Philippines
HOUSE OF REPRESENTATIVES

Sixteenth Congress
First Regular Session

House Bill No. 237

Introduced by Honorable Roy M. Loyola

**AN ACT CONVERTING SOUTHWOODS AVENUE IN THE MUNICIPALITY OF
CARMONA, PROVINCE OF CAVITE INTO A NATIONAL ROAD AND
APPROPRIATING FUNDS THEREFOR**

*Be it enacted by the Senate and House of Representatives of the Philippines in
Congress assembled:*

SECTION 1. The Southwoods Avenue in the Municipality of Carmona, Province of Cavite is hereby converted into a national road.

SECTION 2. The Secretary of the Department of Public Works and Highways shall issue the necessary rules, orders and circulars to implement the provision of this Act.

SECTION 3. This Act shall take effect fifteen (15) days after its publication in a newspaper of general circulation.

Approved,
