SIXTEENTH CONGRESS

First Regular Session

House Bill No. 264

Introduced by: **Honorable ERIC L. OLIVAREZ**

EXPLANATORY NOTE

Roads, bridges and other public service infrastructures are of primary importance highlighting government commitment to our people and serve as the leeway passage for our daily endeavor, and consequently hasten the operation of all our undertaking for the end result of common development and convenience.

This is the case of Angelina Canaynay Avenue, San Dionisio, Paranaque City. At present, the Canaynay Avenue is part of the City Road of Paranaque, however, its actual usage caters, practically national in scope, considering that it now serve as the gateway of Las Pinas City and other Cavite suburbs areas, not to mention other motorist using Canaynay Avenue as a detour route to the south. Hence, in its scope, it has more of the nature as a national road rather than a city road. Hence, Angelina Canaynay Avenue, being the main traversing point into the south along Sucat Road area, its conversion into a national road is therefore in order and by then a funding subsidy from the national road be allocated in the future for its maintenance and improvement.

By the foregoing, approval of this Bill is earnestly requested.
