

Republic of the Philippines
House of Representatives
Quezon City

SIXTEENTH CONGRESS
First Regular Session

House Bill No. 455

INTRODUCED BY HON. MARCELINO "MARCY" R. TEODORO

EXPLANATORY NOTE

The proposed measure mandates the Commission on Higher Education (CHED) and the Technical Skills and Development Authority (TESDA) to formulate a unified qualifications framework that establishes equivalency pathways and access ramps in ladderized education. Likewise, it establishes a permanent National Coordinating Technical Committee composed of CHED and TESDA personnel to monitor and ensure the effective implementation of the Ladderized Education Program (LEP).

Further, the bill directs other government agencies, such as the Professional Regulation Commission (PRC), Department of Labor and Employment (DOLE), Department of Education (DepEd), Department of Science and Technology (DOST), Department of Trade and Industry (DTI), Department of Budget and Management (DBM) and the National Economic and Development Authority (NEDA) to extend the necessary support and provide relevant inputs towards the effective implementation of LEP. More importantly, the proposal provides scholarship grants and loans to deserving students and workers in addition to the present scholarship programs being implemented by CHED and TESDA.

Ultimately, the most laudable objectives of the measure are to open the pathways of opportunity for career and educational progression of students and workers, achieve a seamless and borderless education, and empower students and workers to exercise options or to choose when to enter and exit from the educational ladder.

When the bill is finally enacted into law it would create job platforms at every exit and the opportunity to earn income, as well as solve the problem of structural employment or skills and job mismatch.

Considering the foregoing explanations, immediate approval of the measure is earnestly sought.

MARCELINO "MARCY" R. TEODORO
Representative
1st District, City of Marikina

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

SIXTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 455

INTRODUCED BY REP. MARCELINO “MARCY” R. TEODORO

AN ACT STRENGTHENING THE LADDERIZED INTERFACE BETWEEN TECHNICAL-VOCATIONAL EDUCATION AND TRAINING AND HIGHER EDUCATION

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

SECTION 1. *Short Title.* – This Act shall be known as the “Ladderized Education Act of 2013”.

SEC. 2. *Declaration of Policy.* – In line with the Constitutional guarantee for the State to promote the right of all citizens to quality and accessible education at all levels and to establish, maintain and support a complete, adequate and integrated system of education relevant to the needs of the people and contributory to national development, it is hereby declared the policy of the State to institutionalize the ladderized interface between technical-vocational education and training (TVET) and higher education to open the pathways of opportunities for career and educational progression of students and workers, create a seamless and borderless education, empower students and workers to exercise options or to choose when to enter and exit in the educational ladder, and provide job platforms at every exit as well as the opportunity to earn income.

The State likewise recognizes and supports the promotion and protection of the inherent academic freedom enjoyed by all institutions of higher learning. For this purpose, the government shall uphold the academic standards, equity principles, promptness and consistency of the applications/admissions and equivalency policies of higher education institutions (HEIs).

SEC. 3. *Definition of Terms.* – For purposes of this Act, the following terms are hereby defined:

(a) *Articulation* refers to a process which allows students to make the smooth transition from one course, program or educational level to the next without experiencing duplication of learning. The guiding principle of articulation is that no student should repeat the same course content for which credit has already been received, even if elsewhere or from another institution. In general, an articulated program allows a student to move from a technical-vocational (tech-voc) course to a college degree program, using the principle of credit transfer.

(b) *Credit* refers to the value given to a course.

(c) *Credit transfer* refers to the recognition and carrying forward of credits that constitute overlapping learning, from TVET to a degree program.

(d) *Embedded tech-voc qualification in a ladderized degree program* refers to the process of determining the TVET competencies/qualifications that lead to job platforms in the relevant higher

education or bachelor's degree program. A student of a ladderized degree program can earn full TVET qualification should he/she choose to exit from the program and get a job.

(e) *Equivalency* refers to a process that involves assigning equivalent academic credits to the competencies demonstrated by a student through assessment tests, thereby providing entry points to the next higher level qualification, the purpose of which is to provide opportunities to the student to continue to learn and/or to re-enter the educational program at a higher level without having to unnecessarily retake courses in which a student already has demonstrated competence and knowledge.

(f) *Job platform* refers to the gateway in the ladderized curriculum which one reaches upon acquiring enough skills and knowledge to seek and find employment.

(g) *Ladderized education* refers to the harmonization of all education and training mechanisms that allow students and workers to progress between tech-voc and college courses and programs, or vice-versa. It opens opportunities for career and educational advancement to students and workers, creates a seamless and borderless education and training system that will allow transfers in terms of flexibility entry and exit between tech-voc and college degree programs in the post-secondary school educational system.

(h) *Qualification* refers to a formal certification that a person has successfully achieved specific learning outcomes relevant to the identified academic, industry or community requirements.

(i) *Recognition of prior learning* refers to the acknowledgment of a person's skills and knowledge through previous training, work or life experience, which may be used to grant status or credit for acquired competencies.

SEC. 4. *National Qualifications Framework.* – The Commission on Higher Education (CHED) and the Technical Education and Skills Development Authority (TESDA) are hereby mandated to closely coordinate and effectively implement a unified national qualifications framework that establishes equivalency pathways and access ramps in ladderized education, allowing for easier transitions and progressions between TVET and higher education. The framework shall include qualifications and articulation mechanisms such as, but not necessarily limited to, the following: credit transfer, embedded TVET qualification in ladderized degree programs, post-TVET bridging programs, enhanced equivalency, adoption of ladderized curricula/programs, and accreditation and/or recognition of prior learning.

For this purpose, the CHED and the TESDA shall design harmonized guidelines and equivalency competency courses to enhance the delivery of high-quality tech-voc and higher education courses, synchronize standards and upgrade curriculum design per discipline and adopt a strategic implementation scheme, including a massive consultation and information dissemination scheme. In so doing, the CHED and the TESDA shall continue exploring and developing other mechanisms and systems that will allow the interface between TVET and higher education with the end in view of creating a seamless and borderless education system.

SEC. 5. *Priority Disciplines.* – As a preliminary approach to the implementation of the ladderized program and to ensure its more focused implementation, the CHED and the TESDA, in consultation with the industry, the Department of Labor and Employment (DOLE), the Department of Trade and Industry (DTI), the National Economic and Development Authority (NEDA), the Department of

Science and Technology (DOST), the Professional Regulation Commission (PRC) and other related agencies, are directed to identify priority disciplines and programs for ladderization, taking into account labor market realities. The CHED and the TESDA shall implement the ladderization of other disciplines, other than those presently being implemented, should these be found necessary and beneficial, based on a comprehensive study on their viability.

SEC. 6. Enhancement of the Ladderized Education Program (LEP). – The CHED and the TESDA, in consultation with the PRC, are directed to jointly devise systems, procedures and mechanisms as well as to issue, amend and update existing implementing guidelines, as necessary, for the efficient and effective implementation of the LEP and to ensure that the objectives of the program are met. Incentives may be given to HEIs and technical-vocational institutions to further encourage wider participation in the LEP.

For this purpose, a permanent LEP National Coordinating Technical Committee, composed of the CHED and the TESDA personnel, is hereby established.

The CHED and the TESDA shall ensure that there are designated personnel at the regional and provincial levels responsible for the implementation, monitoring and evaluation of the LEP nationwide.

SEC. 7. Support from Other Government Agencies. – The PRC, the DOLE, the Department of Education (DepED), the DOST, the DTI, the Department of Budget and Management (DBM) and the NEDA are hereby mandated to extend the necessary support and provide relevant inputs towards the effective implementation of the ladderized system of education.

SEC. 8. Scholarships, Grants and Loans. – To ensure the effective implementation and greater nationwide impact of the program and its accessibility to the students and workers, the CHED and the TESDA shall endeavor to include in their respective budgets the provision of scholarships, grants and loans to deserving students and workers availing themselves of the ladderized system of education, in addition to the present scholarship programs being implemented by the CHED and the TESDA.

SEC. 9. Enabling Clause for HEIs. – To encourage the widest enjoyment of the benefit of ladderized education, HEIs whose curricula have been recognized by the CHED may avail of the ladderization program without need for permit either from the CHED or the TESDA: *Provided,* That the proposed ladderized program is within the purview of the curricular matter and that the minimum curricular requirements under the relevant guidelines of the CHED and the TESDA are complied with.

For this purpose, however, the HEI shall be required to submit to the LEP National Technical Committee the copy of the curriculum for the proposed ladderized program for monitoring and for potential objective inputs from the technical experts in the said LEP National Technical Committee.

SEC. 10. Academic Freedom. – Nothing in this Act shall be construed to restrict the HEI in the exercise of its academic freedom. The HEI shall retain the right to assess the level and standard of previously completed TVET programs by an applicant-student in a manner that is transparent and objective, incorporating therein its own admission requirements. The applicant-student must gain admission to the HEI's undergraduate program by meeting all the usual criteria and program requisites and such other requirements by the HEI.

SEC. 11. Appropriations. – The amount necessary for the initial implementation of this Act shall be sourced from the current budgets and development funds of the CHED and the TESDA. Thereafter,

the funds necessary for the continuous implementation of this Act in the ensuing years shall be included in the respective annual appropriations of the CHED and the TESDA in the General Appropriations Act.

SEC. 12. *Implementing Rules and Regulations.* – The CHED and the TESDA, in consultation with relevant stakeholders in higher and tech-voc education, shall issue within sixty (60) days after the effectivity of this Act, the rules and regulations for the effective implementation of this Act.

SEC. 13. *Separability Clause.* – If any provision of this Act or any part hereof shall be declared unconstitutional or invalid, the other provisions, as far as they are separable, shall remain in force and effect.

SEC. 14. *Repealing Clause.* – All laws, decrees, orders, rules and regulations or parts thereof which are inconsistent with the provisions of this Act are hereby repealed, amended or modified accordingly.

SEC. 15. *Effectivity.* – This Act shall take effect fifteen (15) days after its publication in the *Official Gazette* or in at least two (2) newspapers of general circulation.

Approved,
