HOUSE BILL NO. **550**

Introduced by **HONORABLE LANI MERCADO-REVILLA**

EXPLANATORY NOTE

The Philippines is one of the countries that has reported shortage of trained or qualified teachers, as one of its major problems in education. One major reason of this shortfall is that a number of trained teachers turn to other types of employment. Some factors that have led to their lowering of morale and decreasing interest in teaching profession include level of salaries and benefits, increased work-related pressures, concern over employment security and decreasing support for education on the part of political authorities. Needless to say, these problems deserve the utmost attention of the State.

Teachers form the backbone of our nation's educational system and are thus of crucial importance to our society's development. Major efforts have to be undertaken to give our teachers adequate monetary compensation so as they would not have reason to seek employment in foreign lands.

Thus, the provisions of this bill, pursuant to Section 17, Article II of the 1987 Constitution, are designed to promote the teachers' morale; attract and encourage more graduates to enter the teaching profession; maintain the well trained or qualified teachers in the teaching profession to assure quality education.

Furthermore, this bill seeks to grant additional insurance benefits given by the Government Service Insurance System (GSIS) under Presidential Decree No. 1146.

Hence, the immediate approval of this bill is earnestly sought.
