House Bill No. 578

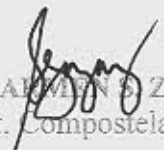

Introduced by Rep. Maria Carmen S. Zamora and Rep. Rommel C. Amatong

EXPLANATORY NOTE

The creation of Compostela Valley Province from the Province of Davao del Norte by virtue of Republic Act No. 8470 on January 30, 1998, was overwhelmingly ratified by the populace who wanted to independently chart their political destiny. It was unintended, however, that the law did not include the creation of provincial branches of important national offices. The new political subdivision is feeling the pinch of not having her own budgetary allocation and the physical infrastructure for these offices. The need for their establishment and institutionalization will not only help the wheels of governance run smoothly but will also alleviate the geographical perplexity being felt by the residents who have to travel great distances in neighboring provinces to transact official business.

In line with the preceding, this bill proposes the creation of a Department of Trade and Industry Provincial Office in Compostela Valley Province. The establishment of the government agency will certainly spur trade and create more market opportunities for the residents. Undoubtedly, livelihood programs will also be given a big boost especially the small and medium scale enterprises. More capital inflows will happen once investors are made aware of the economic potential of the new province thereby reducing unemployment and increasing the revenues of the local government units. Finally, the DTI Provincial Office will create more job opportunities for the populace as it will serve as a venue to showcase their specialized products and technical skills.

The passage of this bill is urgently requested.
