

REPUBLIC OF THE PHILIPPINES
HOUSE OF REPRESENTATIVES
Quezon City

SIXTEENTH CONGRESS
First Regular Session

HOUSE BILL No. 597

Introduced by Hon. Carol Jayne B. Lopez

EXPLANATORY NOTE

The Philippines is known to celebrate the longest Christmas holidays. Once the "ber" months approach, Filipinos are already in yuletide mode and vacation and bonding moments with the family are already being planned. This makes up the Filipino christmas spirit.

Under the Administrative Code of 1987, there are four regular holidays from December 25 up to January 1, to wit: Christmas day, Jose Rizal Day, December 31 as a nationwide special holiday being the last day of the year and January 1. That being the case, in a span of eight days, excluding a saturday and sunday, four days are regular holidays and only two days are considered working days.

This bill therefore, with special regard to the concerns of the business sector, seeks to institutionalize the observance of the holidays from December 25 - January 1 as special non-working days. To make up for the two days that are normally working days and for the protection of the business sector, it is suggested that any two saturdays in the month of December but before December 25, at the option of the employee, be considered as working days.

The approval of this bill is earnestly sought.
