

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

SIXTEENTH CONGRESS

First Regular Session

House Bill No. 607

Introduced by: Representative Emi Calixto-Rubiano

Explanatory Note

Article II (Declaration of Principles and State Policies) of the 1987 Constitution provides that:

"SECTION 5. The maintenance of peace and order, the protection of life, liberty and property, and the promotion of the general welfare are essential for the enjoyment by all the people of the blessings of democracy."

"SECTION 13. The State recognizes the vital role of the youth in nation- building and shall promote and protect their physical, moral, spiritual, intellectual, and social well-being. It shall inculcate in the youth patriotism and nationalism, and encourage their involvement in public and civic affairs."

"SECTION 15. The State shall protect and promote the right to health of the people and instill health consciousness among them."

Section 2 of Republic Act No. 9165, otherwise known as Comprehensive Dangerous Drugs Act of 2002 declares that:

"SECTION 2. It is the policy of the state to provide effective mechanisms or measures to re-integrate into society individuals who have fallen victims to drug abuse or drug dependence through sustainable programs of treatment and rehabilitation."

The national policy-making and strategy formulating body on all matters pertaining to

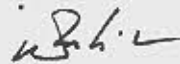

drug abuse prevention and control is the Dangerous Drugs Board (DDB). Said agency has stated that based on household surveys, the estimated number of drug users in the country: in 1999 (DDB Survey) - 3.4 million (1.8 regular and 1.4 occasional users); in 2001 (SWS Survey) - 2.2 to 9.3 million; in 2004 (DDB Survey) - 6.7 million; and in 2008 (DDB-DILG Survey) – estimated 1.7 million users.

Indeed, drug addiction in the country is very alarming and posits a major problem. Even the City of Pasay has not been spared of this drug menace. Thus, in order to address this problem and growing concern, a drug rehabilitation center in the City of Pasay should be established. This is in consonance with one of the program thrusts of the DDB for 2011 which is to “support the construction / maintenance / operation of drug rehabilitation centers and the upgrading of existing rehabilitation facilities in order to enhance the demand reduction programs”.

Verily, the proposed measure for the establishment of a rehabilitation center will provide care and treatment including accommodation to drug dependents. It will also help the drug dependents' their smooth reintegration to the society, by helping them to adjust not only in their own family life but integration to their community, as well.

This is a **re-filed measure** from the 15th Congress under committee deliberation by the Committee on Dangerous Drugs.

In view of the foregoing, the passage of this measure is earnestly requested.
