HOUSE BILL NO. 738

Introduced by Representative Harlin Cast. Abayon

EXPLANATORY NOTE

Natural calamities such as earthquakes, typhoons, volcanic eruptions and floods, have often been the cause of widespread and massive losses and destruction, ultimately resulting in serious economic dislocation to their victims. To those who sustain economic prejudice due to losses or destruction caused by these calamities, we must grant a reasonable deduction from their tax liabilities within a specified period as a means to alleviate the adverse economic conditions affecting them and to accelerate the pace of their economic rehabilitation.

This measure was previously filed by Senator Manny Villar in the 15th Congress. Passage of this bill is earnestly sought now in the 16th Congress.
