First Regular Session

HOUSE BILL NO. **750**

Introduced by Honorable Danilo Ramon S. Fernandez

EXPLANATORY NOTE

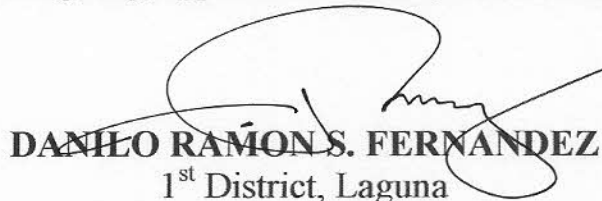

A provincial road which serves as the boundary separating City of San Pedro, Laguna from Muntinlupa City, the Daang Hari Road services commuters and motorists from Laguna, Cavite, Las Piñas, Muntinlupa and other neighboring towns and cities.

Improvement and reconstruction on the road has been continuously undertaken by the Province of Laguna ever since its construction, which resulted in the improvement of its surfacing, road alignment and drainage structures. This development led to increased traffic of commuters and motorists from nearby towns and cities which paved the way for an increase in the trade and commerce in the area.

Without appropriate funding for its maintenance, however, the Daang Hari Road will slowly deteriorate and eventually fall into disrepair, setting back whatever economic growth the road's opening had spurred. Thus, the need to provide funds to maintain the road at its best condition for the general public's welfare.

With its conversion into a national road, funds from the national government, through the Department of Public Works and Highways, will ensure the improvement and maintenance of the Daang Hari Road and sustain the socio-economic development in the area.

In view of the foregoing, approval of this measure is highly recommended.
