16th Congress

FIRST REGULAR SESSION

HOUSE BILL NO. 766

Introduced by Representative **MANUEL S. AGYAO**

EXPLANATORY NOTE

This bill is a refiled bill from the 15th Congress which had not passed into law due to time constraints. It seeks to separate the Kalinga National High School- Salegseg Annex in Barangay Salegseg in the Municipality of Balbalan, Province of Kalinga, from its mother school the Kalinga National High School and convert it into a separate and independent national high school to be known as the Balbalan National High School.

Barangay Salegseg, the capital of the Municipality of Balbalan has only one private school and no public high school. The nearest public high school is the Balbalan Agro-Industrial High School in Barangay Balantoy which is quite far from the Poblacion. Students from Poblacion Salegseg and Barangays Pantikian, Mabaca and Gawaan who cannot afford to pay the tuition and miscellaneous fees of the private high school, have to hike rugged roads and terrains for six to four hours to reach the Balbalan Agro Industrial High School. Rides are rare and even costly for their meager budget. Due to the far distance, many students from these barangays have dropped out from high school and opted to work in farms or community mines. Kalinga National High School-Salegseg Annex was then opened to accommodate these indigent students. Basing on the number of enrollees each year since its opening, there is sustainability in terms of clientele size with an indication that it will increase in number in the coming years. In as much as many students and drop-outs have expressed their desires to enroll and finish secondary education in this annex school, it is now the clamor of the community and the officialdom of Balbalan to separate Salegseg Annex and become an independent national high school to be known as the Balbalan National High School. It is projected that Salegseg extension operating independently from the mother school will serve as an effective tool in promoting quality education and will consequently improve the economic and social conditions of the people in this part of the country.

In view of the foregoing, passage of this bill is earnestly sought.
