This bill seeks to convert Carigara School of Fisheries to be known as Carigara National Vocational School.

The constitutional provisions which mandate the state to make education accessible to all and to provide a system of free secondary education find fulfillment in this bill.

It is the clamor of the people of Carigara that the school of fisheries be converted into a national vocational school to offer other specialization. Furthermore, there are only 12 classroom to date and enrollment is increasing every year in the said school.

The conversion therefore of the said school will respond to the needs of the rural people in the service area and the school in return will be in a position to give better educational services because its existence will be supported by the national government.
