**EXPLANATORY NOTE**

This Bill seeks to create a Technical Education and Skills Training Center in the City of San Jose Del Monte, Province of Bulacan.

The Technical Education and Skills Development Center will serve a noble purpose of providing the out-of-school youth and the constituents of the City an opportunity to develop themselves to be self-reliant and learn new techniques geared towards earning a livelihood. Likewise, it will provide the necessary atmosphere whereby inborn talents are developed not only as a human being but also to recognize the worth of being a self-reliant individual.

The necessity for the creation of such a Center shall also service the technical and vocational skills training requirements of nearby local government units of the Province Bulacan, such as Sta. Maria, Norzagaray, Marilao, and the City of Meycauyan. With proper technology and other resources made available in our City through the opening of such a Center, our constituents shall acquire technical knowledge and skills necessary to sustain themselves economically as well process their transformation unto becoming productive members of society.
