Sixteenth Congress
First Regular Session

House Bill No. 1001

Introduced by **HONORABLE CATHERINE BARCELONA-REYES, M.D.**

Explanatory Note

This bill seeks to establish a district hospital in the Municipality of Santa Elena, Province of Camarines Norte to be known as the Santa Elena District Hospital.

The Municipality of Santa Elena is one of the remote municipalities of the Province of Camarines Norte. Unfortunately it does not have enough medical services to provide its inhabitants. Despite its relatively large population, the municipality has no hospital of its own. Ailing residents and those of the adjoining municipalities have to travel miles and long hours just to reach the provincial hospital. This is indeed a truly burdensome, inconvenient and an expensive process of attending to one's health and medical needs.

Realizing the utmost urgent medical needs of the residents of Santa Elena, it is necessary that a district hospital shall be established in the municipality.

In line with the policies of the state to protect and promote the right to health of the people and to make the health services available to all,

In view the above, support and approval for this bill is earnestly sought.
