House Bill No. _____

Introduced by REP. TEDDY BRAWNER BAGUILAT

EXPLANATORY NOTE

This bill seeks to convert the Hapid National High School Annex located in Barangay Bimpal, Municipality of Lamut, Province of Ifugao into Bimpal Technical and Vocational National High School offering technical, vocational and other related subjects in consonance with the policies, programs and standards towards quality technical education and skills development.

The Province of Ifugao is among the least privileged areas and still one among the poorest provinces in the country today. Notable is the lack of technical and vocational high schools in the province. This proposed measure aims to do justice to the residents by establishing technical and vocational high schools to cater their educational needs. Considering the role of education in spurring development, this measure will enhance the social economic development of the area and encourage the youth to seek a different goal into achieving a career or vocation which is noble in intention and modern in means and insights.

In this light, I am filing this bill to recognize and give life to the Constitutional Right of every Filipino to quality education and make such education accessible to all.

Furthermore, given its importance, this bill is most respectfully submitted and requested for early approval.
