EXPLANATORY NOTE

Republic Act No. 7160 as amended, otherwise known as the Local Government Code of 1991 devolves gargantuan powers and functions to local government units, including barangays. Having awesome responsibilities come privileges to barangay officials who are explicitly mandated to perform basic services to the people. It is quite unfortunate however that this landmark legislation expressly provides limited benefits to barangay officials.

It is noteworthy to mention that notwithstanding the fact that barangay officials act as frontliners in the delivery of essential services to barangay constituents and in some cases, they are required to travel to far distant places to assist their constituents and to attend seminars and conferences relevant to the performance of their duties and responsibilities. Yet, they are entitled only to meager allowance which is just enough for their food and travel expenses and nothing left for their hotel/lodging accommodation charges. Under this situation, they are compelled to spend whatever personal money they have just to meet both ends to the detriment of their family needs.

Congress has been generous and considerate to our senior citizens for the reason that they have also rendered services in whatever capacity during their prime and they now need love and care in their twilight years. Will it be too much also if Congress grants a little benefit to our barangay officials, who have been actively serving our people even with just a little honorarium from the government?

It is therefore the paramount objective of this bill to grant barangay officials at least twenty percent (20%) discount on transportation fare and hotel accommodation charge.

In view of the foregoing reasons, the approval of this bill is earnestly sought.

Fifth District, Camarines Sur
