Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

SIXTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. **1012**

Introduced by Hon. Jerry P. Treñas

EXPLANATORY NOTE

This bill seeks to convert **MABINI STREET** in Iloilo City, presently classified as a local city road, into a national road. It was originally filed as House Bill 5346 in the 15th Congress. It was passed on third reading by the House of Representatives and was approved by the Senate Committee on Public Works in the previous Congress. However, the Senate was not able to schedule the bill for 2nd reading prior to the closure of the 15th Congress.

MABINI STREET spans a total length of 1,006 meters, with a width of 16 meters. It is located at the City Proper District of Iloilo City. The road connects to two main roads: General Luna Street and Delgado Street, which leads towards two Iloilo City universities, SM Delgado and the main business district of the City Proper.

The conversion of the road to a national highway is in order, as the Department of Public Works and Highways has the resources to maintain the road so that the public may continue to use it as vital pathway. In addition, converting the road into a national highway shall increase the vitality and economic progress of Iloilo City, as the improvement and maintenance of the road will surely increase commerce in the area.

In view of the foregoing, I highly recommend the approval of this bill
