SIXTEENTH CONGRESS
First Regular Session
HOUSE BILL NO. 1021

Introduced by Hon. Jerry P. Treñas

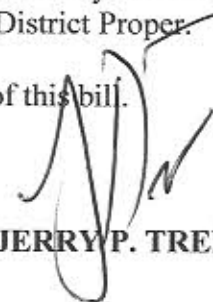

EXPLANATORY NOTE

This bill seeks to convert **GENERAL LUNA TO LEDESMA ROAD (JALANDONI STREET)** in Iloilo City, presently classified as a local city road, into a national road. It was originally filed as House Bill 5350 in the 15th Congress. It was passed on third reading by the House of Representatives and was approved by the Senate Committee on Public Works in the previous Congress. However, the Senate was not able to schedule the bill for 2nd reading prior to the closure of the 15th Congress.

GENERAL LUNA TO LEDESMA ROAD (JALANDONI STREET) spans a total length of 871.20 meters, with a width of 16 meters. It is located at the City Proper District of Iloilo City. The road connects to two main roads: General Luna Street and Delgado Street, which leads towards two Iloilo City universities, SM Delgado, offices of government agencies and the main business district of the City Proper.

As a major artery in the City of Iloilo, the road is of significant importance to the residents of the Iloilo City. Its rehabilitation and maintenance is necessary in order to maintain the vibrant economy of the city and fluid flow of traffic in the City District Proper.

In view of the foregoing, I highly recommend the approval of this bill.
