EXPLANATORY NOTE

The upgrading of a provincial road to a national thoroughfare usually ensures its regular rehabilitation and repair as the same will be programmed and undertaken by the Department of Public Works and Highways and included under the annual General Appropriations Act. Such development will not only provide the commuting public and other users of the road safe and convenient passage without any longer passing through another city or province for easy mobility of people and of goods, but also importantly as alternate route to landslide prone roads/areas.

In Mawab, Compostela Valley Province, the existing provincial road traverses the barangay of Sawangan, Mawab that links to barangays New Asturias-Anibongan-Dumlan in the municipality of Maco, Compostela Valley which is 25 kilometers stretch while Mawab-Tagum City to Dumlan- Maco junction is more or less 32 kilometers. In consideration of the same and towards a progressive economy of our country, it was deemed by the concerned local government councils that the said stretch of road be converted into a national road. This upgrade will also take care of the road's upkeep and maintenance.

In view of the foregoing, this bill was filed by the undersigned for favorable consideration.
