This bill seeks to authorize *barangays* to implement the programs and projects funded by the Priority Development Assistance Fund (PDAF) amounting to a maximum of Three Hundred Thousand Pesos.

The Constitution provides that the State shall ensure the autonomy of local government units. With the authority to implement the projects and activities provided under the Priority Development Assistance Programs, the *barangays* can be fully utilized as effective partners in the pursuit of national development and social progress.

In view of its national and local importance, the approval of this bill is earnestly sought.
