

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

SIXTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 1783

Introduced by Rep. Winston "Winnie" Castelo

EXPLANATORY NOTE

This bill brings into this 16th Congress an earlier proposal of Rep. Rodante Marcoleta seeking, in effect, a free parking policy to be carried out by owners and operators of shopping malls, supermarkets, schools, hospitals, hotels and similar business, commercial and public establishments precisely to protect the interest of the consumers as well as establish standards of conduct for business and industry as enshrined in Article 2 of RA No. 7304, also known as the Consumer Act of the Philippines.

Under this submission, there is hereby prescribed a 'Two-Hour Free Parking Policy' that shopping malls, schools, hospitals, hotels and similar business as well as public establishments shall promote for the interest of the consumers in accordance with the Consumer Law given that the provision of designated parking areas or facilities are actually a basic amenity that should be so provided lest such private or even public establishments would not have been allowed to be built.

This bill seeks to rationalize the collection of parking fees in light of an unregulated environment that may have overlooked the welfare of the customers or consumers they serve in order that they rake reasonable profit and viable return on their investments.

With these premises considered, the approval of this measure is therefore urgently prayed.
