

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

SIXTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. **1882**

Introduced by Rep. Wilfrido Mark M. Enverga

EXPLANATORY NOTE

This bills seeks to provide for the inclusion of additional member in the Local Health Boards amending for the purpose Section 102 of Republic Act 7160 otherwise known as the Local Government Code of 1991.

It is the duty of the State to protect and promote the right to health of the people and instill health consciousness among them, this is mandated by Article 11, Section 15 of the Constitution.

To carry out the aforementioned constitutional mandate, RA 7160 mandated the local government units to discharge functions related to delivery of health services.

RA 7883 otherwise known as " *AN ACT GRANTING BENEFITS AND INCENTIVES TO ACCREDIT BARANGAY HEALTH WORKERS AND FOR OTHER PURPOSES.* " was enacted in 1995 to boost the local government's efforts regarding the provisions of health care services at the barangay level. It recognized the Primary Health Care Approach as the major strategy towards health empowerment, emphasizing the need to provide accessible and acceptable health services through the participatory strategies such as health education, training of barangay health workers, community building and organizing.

The law likewise mandated government and all its instrumentalities to recognize the rights of barangay health workers to organize themselves, to strengthen and systematize their services to their community; and to make a venue for sharing their experiences and for recommending policies and guidelines for the promotion, maintenance and advancement of their activities and services.

While the passage of the aforementioned law for the barangay health workers has indeed seen improvement in the delivery of health services to the grassroots, something may still be done to further uphold and promote the interests of Barangay Health Workers

For instance, notwithstanding of the passage of RA 7883 and the Magna Carta of Public Health Workers, health workers under the Local Government Code are still not properly represented yet RA 7883 mandates that "every incentive or benefit for barangay health worker requiring expenditure of local funds shall be reviewed and approved by the local health board to ensure that only the deserving barangay health workers get the same." (Section 7).

This bill seeks to further uphold the rights and promote the welfare of barangay health workers and to strengthen the Local Health Boards in the LGUs by increasing its membership to include representatives from barangay health workers and to provide additional functions responsive to its mandate and the demand of times.

In view of the foregoing considerations, approval of this bill is highly and earnestly recommended.

WILFRIDO MARK ENVERGA

**Sixteenth Congress
First Regular Session**

Introduced by Rep. Wilfrido Mark M. Enverga

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:
