EXPLANATORY NOTE

Roads literally lead every community towards development and progress. Access to roads is crucial in determining the economic standing of every barangay, municipality, city or province as roads fundamental in trade and commerce. More importantly, better roads often lead to better access to social services and encourage trade and business to boost.

The Second District of Paranaque is not only a haven for commercial success but also as the avenue interconnecting the capital region of Metro Manila s. As such, it has become an inevitable thoroughfare for all sectors including the commuting public, traders, employees and even professionals who deserve convenience and comfort in travelling.

However, Paranaque can only do so much with limited fund for public works. With this dilemma, the goal towards progress and development of Paranaque including nearby southern provinces may be thwarted. These roads are supposed to pave the way Filipinos towards an improved quality of life as declared under Article II of the Constitution.

Thus, this bill is filed seeking for the conversion of these major thoroughfares in the Second District of Paranaque City to national roads particularly Dona Soledad Avenue in Barangay Don Bosco. This road is one of the major access roads of the residents and transients alike going to different barangays in Paranaque as well as to Las Pinas and Muntinlupa. With the passage of this bill, maintenance will be assured through annual allocation of funds in the General Appropriations Act, thus ensuring the maintenance and serviceability of this road.

In view of the foregoing, the passage of this bill is earnestly sought.
