

Republic of the Philippines
HOUSE OF REPRESENTATIVES

SIXTEENTH CONGRESS
First Regular Session

House Bill No. **2396**

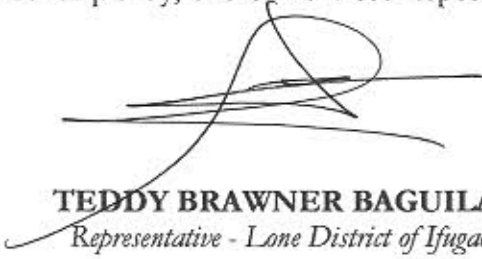

Introduced by REP. TEDDY BRAWNER BAGUILAT

EXPLANATORY NOTE

The 1987 Constitution provides that the State shall protect and promote the right of all citizens to quality education at all levels and shall take appropriate steps to make education accessible to all. It likewise mandates the State to establish and maintain a system of free education in the elementary and high school levels.

The Province of Ifugao is among the least privileged areas and still one among the poorest provinces in the country today. Notable is the lack of government High Schools in the province. Due to its mountainous terrain, it takes several minutes or even hours to go to school. It is burdensome for teachers and personnel to travel from their mother school to its satellite extension school. This proposed measure aims to do justice to the residents by establishing an independent National High School to cater their educational needs. Considering the role of education in spurring development, this measure will enhance the social economic development of the area and encourage the youth to seek a different goal into achieving a career, which is noble in intention and modern in means and insights. More specifically, the Municipality of Alfonso Lista is a 3rd Class Municipality that is in need of further educational support.

This Bill is critical because not only does it give life to the Constitutional Right to education, but it also is a requisite to develop the Municipality of Alfonso Lista, and the province of Ifugao as a whole, through its human resource. Consequently, this bill is most respectfully submitted and requested for early approval.
