House Bill No. 2695

Introduced by Honorable Roy M. Loyola

EXPLANATORY NOTE

From the time of its creation and inclusion into the local government units, barangay captains have become more active in community governance and public service.

Through various enactments, barangay captains have been obliged to take various responsibilities which includes, among others, keeping of the peace through organization of foot patrols; arbitrating differences between community members, assisting in the conduct of elections, and most recently, assisting in the evacuation of communities in disaster areas caused by natural calamity or war.

In these instances, it is not uncommon for barangay captains to literally be in the front of the firing line. In fact, several barangay captains have lost their lives in the service of the communities against criminals and the call of duty.

Most often, barangay captains assume these responsibilities with little compensation. Moreover, the danger associated with these functions puts them in the higher risk in terms of insurance coverage. More importantly, the present insurance coverage pursuant to Republic Act. No. 8291 (An Act Amending PD 1146 as amended, expanding and increasing the coverage and benefits of GSIS, instituting reforms therein, and for other purposes) covering all government officials is inadequate with regard to the payment of medical, death and burial expenses.

Hence, this bill seeks to provide additional insurance benefits to barangay captains over and above what they are currently receiving under the GSIS in recognition of their contribution to the community and as an encouragement for them to honestly continue their public service.

In view of the foregoing, immediate approval of this bill is earnestly requested.
