CREATING THE POSITION OF BARANGAY NUTRITION WORKER IN EVERY
BARANGAY PROVIDING INCENTIVES THERETO, APPROPRIATING FUNDS
THEREFOR, AMENDING FOR THE PURPOSE PRESIDENTIAL DECREE NO.1569

EXPLANATORY NOTE

Presidential Decree 1569 was enacted to strengthen the Barangay Nutrition Program by providing one Barangay Nutrition Scholar (BNS) for every barangay. Said scholar will be a barangay-based volunteer worker who will deliver basic nutrition and related health services, and bridge communities with nutrition and related service providers.

The Barangay Nutrition Program is being implemented to address the problem of malnutrition which afflicts vulnerable groups particularly preschool, school children, pregnant women and lactating mothers and other contributory factors which affect the health and nutrition condition of the community as a whole. In general, the program aims to reduce the frequency of malnutrition among moderately and severely affected preschoolers and school children.

Due to the magnitude of the country's malnutrition problem, it urgently needs greater involvement and participation of the people at the grassroots level.

This bill, therefore, provides for the creation of one mandatory position of Barangay Nutrition Worker (BNW) in every barangay to address this basic concern of the community. This will be in lieu of the BNS which PD 1569 originally mandated. It

also seeks to professionalize the position of BNW by requiring concerned applicants to be at least a high school graduate, amongst the many qualifications set forth in the original law.

Due to the urgency of this proposed measure, its approval is most earnestly requested.
