House Bill No. **3136**

Introduced by REPRESENTATIVE ERIC L. OLIVAREZ

EXPLANATORY NOTE

For a number of years now, San Antonio Elementary School, located at Santa Lucia Street, San Antonio, Paranaque City, has been housing students not only from the said Barangay of San Antonio but also from the other neighboring barangays, one of which is Barangay San Isidro.

That there has been an overpopulation of students in San Antonio Elementary School is quite apparent from the fact that an Annex of said school had to be erected in Silverio Compound, Brgy. San Isidro, so as to accommodate all the enrollees of the former.

For the benefit of not only of the students of Barangay San Antonio which are already clogging the San Antonio Elementary School, but also of Barangay San Isidro more particularly those pupils who hail from Silverio Compound enrolled in the said school, it is hereby proposed that San Antonio Elementary School ANNEX be separated from and made independent of San Antonio

Elementary School (MAIN) and consequently be converted to SILVERIO ELEMENTARY SCHOOL.

If San Antonio Elementary School Annex is separated from San Antonio Elementary School Main, and a new principal appointed thereby, the several academic and administration problems posed by overpopulation in the latter will be addressed as the separation of the two schools will have the effect of distributing the burden of having too many students in one school with very limited facilities.

Granting autonomy to the San Antonio Elementary School ANNEX (now SILVERIO ELEMENTARY SCHOOL) will undeniably yield a better efficiency rate for both schools and will ultimately result in the better learning process of the respective students enrolled therein.

It is for the foregoing reasons that the approval of this bill is strongly recommended.
