HOUSE BILL 3218

Introduced by REP. ELEANOR C. BULUT-BEGTANG

EXPLANATORY NOTE

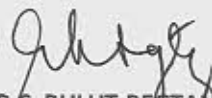

This is a refiled Bill from the 15th Congress originally under House Bill No. 5804, favorably considered and approved by the Committee on Appropriations and Committee on Basic Education as contained in the Committee Report No. 2511, said measure was passed on Third Reading by the House of Representatives and transmitted to the Senate of the Philippines on January 31, 2013.

With the end goal of strengthening the capacities of our existing annex schools, inproviding appropriate learning and skills education to our students in the more remote barangays, this Bill seeks to convert the **Luna National High School-Tumog Annex**, in Brgy. Tumog, Luna, Apayao into an independent national trade and agricultural high school. Alongside the mandate of the K+12 Program to further strengthen secondary education with options on academic, technical, music, sports and the arts mastery, there is a need to prepare every school and every student on adapting to the transition.

Luna National High School-Tumog Annex is now on its 11th year of operation, having been established in SY 2002-2003. Current enrolment is 287.

With the proposed separation and conversion, Luna National High School-Tumog Annex will be in a better position to craft its programs and interventions to address the unique needs of the communities it serves, at the same time ensure that its students are provided the full support in terms of teaching personnel, facilities and equipments to harness their full potential in their chosen fields of specialization.

In consideration of the above, the approval of this bill is earnestly sought.
