HOUSE BILL No. 3429

Introduced by Representative AURORA ENERIO - CERILLES

EXPLANATORY NOTE

It is the duty of the state to establish and maintain a system of free public education in the high school level, to protect and promote the right of citizens to quality education, and to take appropriate steps to make education accessible to all. This bill seeks to carry out this duty through the establishment of a National High School in Barangay Sumpotan, Municipality of Dinas, Province of Zamboanga del Sur.

A mountainous barangay of a 3rd class municipality, Barangay Sumpotan and nearby barangays have only Elementary Schools and graduates of these schools converge to Sumpotan High School for their secondary education. Lack of resources for this school may lead to learning inadequacy for the children. This hinders the residents' right to accessible education and deprives the barangay the opportunity to develop its community and improve the quality of the residents' lives in various aspects – economic, social, cultural, political, and spiritual.

Economically, education provides citizens the necessary knowledge, skills, and values that will support the country's economic growth and will make the country progressive and prosperous. Most importantly, education helps break the vicious cycle of poverty from one generation to the next.

The establishment of Sumpotan National High School makes secondary education more accessible to the barangay and its neighboring barangays, and would result to more educated Filipinos who would then have better opportunities to improve their living standards. This bill does not only give utmost importance to education but also helps in creating economic opportunities and strengthening our national economy.

I therefore seek the immediate passage of this very important bill.
